

10-7-85
12-3-8 v.3

ASH GROVE CEMENT WEST, INC.

Inter-Office Memorandum

Date October 7, 1985

To Erik Voldbaek /

From Ken Rone

Copies to R. Cooke /

Subject ASARCO Slag

E. Miller /

Tom Hubbard of Metro has indicated that the ASARCO slag stored at the plant is their greatest concern. It will need to be removed from our site by either disposal at a landfill, or utilized at Durkee. I have been unsuccessful in securing another buyer for the material.

The cost of disposal will be:

Inventory Value	\$ 8.53/T
Disposal Fee	\$.75/T
Haulage	<u>\$ 3.00/T</u>
	\$12.28/T

This compares to \$2.43/T if Durkee is able to use this material (see attached analysis dated April 10, 1985). I may be able to improve on this number slightly if the slag can be backhauled in cement cars.

Your opinion on this matter would be most appreciated.
